

## STRATEGIC COACH

# Justin Gauci

Bachelor of Business – majoring in Accounting  
Financial Adviser

Having spent 10 years helping businesses achieve financial success, Justin now relishes using his considerable financial acumen to help his clients get ahead financially.

With a background as a financial analyst and consultant for several large companies and having run his own business, he's learnt to be adaptable and laser-focused on understanding the client's needs.

Justin lives by the notion that "a goal without a plan is just a dream", and his professional experience in financial forecasting allows him to optimise his clients' finances to ensure their goals become reality.

He's also relaxed and fun to be around, which provides the perfect balance in a coach.

Originally from Melbourne, he now loves living in Auckland's Waterview, exploring the local running tracks, as well as playing and coaching AFL.

## WHAT JUSTIN'S CLIENTS SAY

"Justin is very detailed but also very straightforward to deal with. Puts things into perspective and is realistic about goals."

"Justin was excellent. He was fully engaged in my situation and what he was saying made good logical sense. I'm looking forward to implementing my personal financial programme."
