Diploma in Human Resources

WHAT KAREN'S CLIENTS SAY

“Karen helped us purchase a new home and secure a mortgage within a limited time frame. From the start, she made the process seamless and stress-free. I could not recommend her enough for top quality service and support.”

“Karen has a lovely way about her, and I really appreciate that. I felt listened to and guided without being judged.”

Karen brings experience, authenticity, and a dash of humour to her role as an enable.me performance financial coach – she’s the trusted adviser that you want in your corner.

With more than 30 years’ experience working in the New Zealand finance industry, she prides herself on delivering positive client outcomes, and creating financial strategies and plans that evolve alongside her clients’ goals.

But it’s in sharing her knowledge and experience to help people achieve their goals that Karen finds most rewarding, creating a plan and providing a map for people to follow on their financial journey.

Karen loves her local community, when she’s not guiding her clients towards financial success, you’ll find her enjoying the native bush and fresh air, spending time with her husband and dogs, and flexing her inner detective through an interest in family genealogy.
